**DETAILED ACTION**

Claims 1-9 are allowed.

The following is an examiner's statement of reasons for allowance: Claim 1 is allowed because the prior art fails to teach or fairly suggest an electron tube comprising an envelope, insulating tube, semiconductor device, alkali source, and separating member arranged as claimed. Claims 2-9 are allowed by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Muramatsu (US 5,780,913 A) discloses an example prior art electron tube.
